FOR THE SOUTHERN DISTRICT OF GEORGIA  
STATESBORO DIVISION**

RANDY JENKINS HARMON,

Plaintiff,

v.

TERENCE KILPATRICK, et al.,

Defendants.

CIVIL ACTION NO.: 6:20-cv-55

**ORDER**

Plaintiff, proceeding pro se and *in forma pauperis*, filed seven separate causes of action relating to his placement and continued confinement in Tier II administrative segregation while he was housed at Smith State Prison in Glennville, Georgia. Doc. 3. The Honorable R. Stan Baker recently consolidated the five open cases, finding judicial economy would be best served by the Court's consideration of Plaintiff's claims in one civil action. Id.<sup>1</sup>

In light of these circumstances and Judge Baker's recent Order, I **ORDER** Plaintiff to file a single, consolidated Complaint in this cause of action detailing his claims relating **only** to his placement and continued confinement in Tier II segregation at Smith State Prison **within 14 days of this Order**. Once filed, Plaintiff's Consolidated Complaint will supersede and replace all of his earlier complaints in these consolidated actions. Therefore, Plaintiff's Consolidated Complaint **must not** refer back to any earlier complaint or any prior attachments and **must not** incorporate by reference any part of the earlier complaints. Plaintiff is advised claims made against particular Defendants in Plaintiff's earlier complaints are not preserved unless they are also set forth in the Consolidated Complaint.<sup>2</sup> Once Plaintiff submits his Consolidated Complaint, the Court will provide the parties with instructions regarding the course of proceedings.

**Failure to comply with this Order within the allotted time, or to show cause why Plaintiff is unable to comply, will result in a recommendation to the District Judge the case be dismissed without further notice for failure to prosecute and failure to follow a Court Order.** Additionally, the Court reminds Plaintiff of his obligation to inform the Court of any change in address in writing. Plaintiff's failure to do so will also result in the recommended
